Medical Intuition and Symbolic Diseases Residential Retreat

2015 Website Program Description

Understand the history and research behind Medical Intuition.
Identify the many ways your intuition speaks to you.

Many factors affect our health, from genetics and environmental pollution to toxic emotions. Our bodies constantly speak to us (disease and illness are often the result of unconscious choices) and have much to teach us if we can learn to listen. Our intuition can provide valuable tools for uncovering emotional, mental and spiritual causes of physical problems and bring them into conscious awareness. This process can be more effective than conventional therapies and treatments.

Perhaps you are addressing specific health conditions or you are working with patients who have health concerns. Maybe you need to relax and rejuvenate from excessive stress and a toxic environment; or you sense the need to deepen your own understanding and practice of inner guidance. Developed by Larry Burk, MD, CEHP, and Winter Robinson, MEd, this retreat environment is a one-of-a-kind opportunity to tap your deepest potential for healing and understanding by taking an all-embracing approach to healing. You will discover, cultivate, and use your inner guidance in all its forms (dreams, symbols, metaphor, emotions, kinesthetic, somatic) as you explore a holistic approach to health and well-being.

Increase your sensitivity to receive and act on the messages from your body

By participating in this healing retreat, you will:

- Discern between ego and intuition
- Recognize your inner signals for yes and no
- Harness your dreams for healing
- Learn to think about illness symbolically
- Use metaphor to transform symptoms
- Be trained to use EFT (Emotional Freedom Techniques): (change the beliefs your body carries)
- Explore symbolic expressions of underlying psycho-spiritual imbalances
- Understand the human energy system

- Explore “hands on” healing
- Observe daily demonstrations of intuitive scan/EFT practices
- Use the Chinese 5 Element Theory as metaphor
- Practice Yoga Nidra, dream interpretation and Qi Gong daily

This may be the most important program you’ll ever attend. Reserve your place in the Medical Intuition and Symbolic Dis-ease 5-day retreat.
